Alcohol Policy 08/15/06*

The calculations we have developed for the consumption of wine, by a reasonable and joyous crowd, are based on the guidelines

offered by the Washington State Liquor Control Board (WSLCB), our insurance carrier and other wineries experiences. If we observe that only 75 of the 200 invited guest's show up, we reserve the right to limit the amount of alcohol pre-purchased for actual consumption.

Service

We will provide bartenders for your event, according to the confirmed number of guests. We will patrol for consumption of outside

alcohol in the parking lot as well as on our property during the entire event. We will work to control over consumption; those who are visually inebriated will not be served, and those who may become overbearing will be asked to leave. We will check identification for all persons who look 35 years of age or younger. We will only serve four ounce servings, which is the legal amount to pour. We are happy to serve smaller portions if you wish. By law, we must refuse to serve alcohol to anyone who seems intoxicated. Saint Laurent reserves the right to close the bar early or limit patron consumption if drinking gets out of hand.

Underage Drinking

By law, we are unable to serve alcohol to persons under 21 years of age. Although this is a celebratory time, we must obey the

ordinances laid out by the state. If at any time, a staff member sees a person underage drinking, his or her drink may be confiscated, and he or she given a verbal warning. If this practice continues, Saint Laurent reserves the right to close the bar early.

Saint Laurent reserves the right to change ANY of this contract policy at ANY time.
